Conferencia: “Human factors training”

Por Prof. Lyad ALOMAR

DÍA: Martes 25 de octubre de 2022

HORA: 14:30h.

LUGAR: Aula Magna (Edificio C)

HUMAN FACTORS TRAINING

The Human Factors training is designed to give the students (future aircraft maintenance engineers) comprehensive understanding of human behavior and performance. When speaking about aviation industry, Human Factors knowledge is used to optimize the gap between people and the systems in which they work, in order to improve safety and performance. The relationship human-machine requires special knowledge to avoid or minimize the possibility of having failures, incidents or accidents.
