

Online event
The sessions will be held on the platform "Zoom"

Innovation and Entrepreneurship in China from Spain and LatAm

Agenda and further info www.xijiincubator.com

May 30th - June 1st

Speakers from Spanish-speaking institutions in China, entrepreneurs, investors, and experts in the field will bring us closer to the reality of developing a project in China. The event will be bilingual with some sessions in Spanish and some others in English.

This activity will deal with topics such as technology transfer, institutional and private support, fundamental challenges and opportunities in the Chinese market, among others. **For registration and further information, scan the QR code below.**
