"I had an awesome experience coming for NIPIS internship at NUST Pakistan. The internship was a worthwhile experience and I feel that it has prepared me and given me a sense of direction for my professional career, with NUST's states of the art facilities, and labs which were at my disposal. I also learned a lot about the Pakistani culture and visited lots of tourists places. Thanks to NUST for creating such a welcoming environment for international students and researchers."

Mr. Muhammad Abdelnaby Ewais  
Egypt - NIPIS '21 Intern
