

Dear Colleague,

Please, forward this information email to students, professionals in the educational space business and whoever you think might find it of interest.

It is with great pleasure that we reach out to you to invite you to submit abstracts to the **4th Symposium on Space Educational Activities** (SSEA22), a European Space Agency-led congress that will be hosted by the Universitat Politecnica de Catalunya - BarcelonaTech in Barcelona (Spain), next 27-29th April 2022.

We would like you and your institution to come participate in what will be the bi-annual world congress for the young promises of the space sector. Anyone from undergraduate and graduate students, to postdocs and professors are welcome to present their works in space related fields. This is meant to be a student-focused conference, so student projects are strongly encouraged. Note that there are different **scholarships** available for students.

The event will take place next April 27-29th 2022 in Barcelona (Spain). A long-awaited opportunity to catch up again with all colleagues in person, after the pandemic outbreak. Don't miss the opportunity to discuss your research in a world-landmark as Barcelona. Social events will include interesting and cultural activities, to further enrich your experience.

The **Call for Abstracts** will be open until the **1st November 2021**. More information can be found in our website: <https://sseasympoium.org/>, and in our social media: [Facebook](#), [Instagram](#), [LinkedIn](#), [Twitter](#).

The Organising Committee awaits you with enthusiasm!

Yours sincerely,

SSEA22 Communications Board
